

Huddersfield Town Women FC Sponsorship Opportunities 22/23

Huddersfield Town Women FC are going from strength to strength, but we need your support.

In the 2021/22 season, the Open Age First Team finished 6th in the FA Women's National League Northern Premier; the third tier of women's football (and the top tier where players are amateur). The team also won back the County Cup, played in their 1st FA Women's National League Cup final and reached the 4th round of the Women's FA Cup Final, where they played Women's Super League side, Everton in front of a record crowd at the John Smith's Stadium.

The Open Age Development Team were unbeaten throughout the entire season and won their League, also reaching the League and County Cup semi-finals.

The Under 18s came runners up in both league and cup, and the under 16s won the league cup and were league runners up. The U14s won both the league & cup and were also unbeaten throughout the season. The U14s (now U15s) have subsequently moved up to the FA Junior Premier League for the coming season.

As I'm sure you're aware, women's football does not receive sufficient funding. Huddersfield Town Women FC is run entirely by volunteers, and we rely on companies and individuals such as yourselves for sponsorship to enable us to provide the players with the kit, equipment, and training facilities they need to give them the best opportunity to reach their full potential.

Below are our sponsorship packages which show where your logo could be displayed on our kits; in addition, you would be featured on the Club's website, in home match day programmes and on our other social media platforms. Each sponsorship also includes a complimentary season ticket to attend our First Team home games.

	Open Age Squad (First & Development Teams)	U18s	U15s	U14s	U10s
Shirt Back	£2,000
